Internship trainee Web Developer

- Designed an E-commerce website to jbtechlab.com/store/shop/
- Created mobile website for photography.

Project Details

Autonomous Pill Dispenser to Remind Medication with Alarm and Mobile Notifications

Population aging is a global issue and medication adherence is a major problem in health care sector. This paper proposes an autonomous medicine dispenser box that alleviates irregularities in taking prescribed medication at appropriate time. The main purpose of this system is to help patients primarily seniors, other vulnerable group that may need assisted care, and to switch from approaches dependent on human memory to automation with negligible supervision hence reducing human efforts and preventing error prone tasks of giving wrong medicines at the wrong time in wrong amount. The system contains a programmable alarm system with an interactive UI and sends notifications about the medicine taken and supply of medicines.

SaiMoh Event Orgniser

- Front End Language implementation: Html,css,bootstrap
- Back End Language implementation:php
- Database: Mysql
- Operating system: Windows 10/8/07
- Description: saimoh is a web based application. It would make searching, viewing and selection of a events easier for user's specific to their needs. ThIS websites also provides a different events. so that a user can easily organised a any event with the help of this our websites

Technical Skills

- Programming Languages : Html,CSS,Bootstrap,Javascript,Java,C,C++,Php, Wordpress
- Database Languages : MySQL
- Operating Systems : Windows XP/7/8.1/10,Ubun

Extra-Activity

- Final year project paper publised in International Journal of Emerging Trends & Technology in Computer Science,volume 8,Issue 1,jan-feb 2019.
- Three month completed web development internship in silk-dev's web design.
- Pursuing three month java course at silk-dev's web design

Certificates

- E-Certificate IJETTCS Publication
- Web Development Internship Certificate in silk dev's web design institute
- UDEMY Certificate 7 hours learn of python
- Core Java Certificate pursuing

Interests

- Making a different websites
- Watching bollywood movies
- Dance
