H.S.C	M J College , Jalgaon.	Nashik Board	2014-2015	60.31 %
S.S.C	K Narkhede Vidyalaya ,Bhusawal	Nashik Board	2012-2013	79.64 %

PROJECTS

- **CDAC Project**

  Daily Kitchen Needs.

    Daily Kitchen Needs project is design to overcomes the challenges that customers faced during buying fruits, vegetables and dairy products. This project is responsible for providing

best and fresh Fruits, Vegetables and Dairy Products according to the selected category with the affordable price on specified delivery date with specified time slot and location.This application provides facility to add/remove items at cart. It also provides facility where customers can mention their queries

- **Major Project**

   Smart Car Parking System Using Internet of Things.

   As a Major Project, by understanding current problems facing in parking we decided to implement this concept. For solution of this, we design a parking slot structure consist of IR sensors, and IoT component (Wi-Fi module 8266) which is connected to cloud server. Also, android application for user from which user can book or release parking slot or can see real time status. As well as website for Admin to verify user bookings, vehicle authentication and for maintaining the records. So, we can say that, parking Pre-Booking can be done and before reaching the location whether the parking space is available or not can be checked.

Technical Certification

- Completed C training and certified by Spoken Tutorial IIT Bombay.
- Certificate Course In C & C++ Programming by MAHARASHTRA CENTRE FOR CAREER EDUCATION
- Completed Java training and certified by Spoken Tutorial IIT Bombay.
- Completed PHP and MySQL training and certified by Spoken Tutorial IIT Bombay.
- NPTEL certified Introduction to Soft Computing.

Achievements

- Published research paper in International Journal IJSRCSAMS an UGC approved journal entitled 'Real Time Smart Car Parking System Using Internet of Things'.
- Attended '106th The Indian Science Congress' an International Conference held at Lovely Professional University, Punjab.
- Winner in University level project presentation competition 'TechFest2019' organized by Shivaji University, Kolhapur for project 'Smart Car Parking System using Internet of Things'.
